

Absolute Proof Obama Rigged Elections

RUSSIAN OBAMA ELECTION MEDDLING

IN 2009 HILLARY BANKROLLED FACEBOOK'S ELECTION RIGGING SOFTWARE

IN 2014 OBAMA BANKROLLED "THE ERIC SCHMIDT PROJECT" (GOOGLE) BIG BROTHER DNC DATABASE (HATCH ACT VIOLATION)

IN OCT 2014 OBAMA SENT TODD PARK TO SILICON VALLEY TO WORK FOR HILLARY AND IMPLEMENT HILLARY'S FACEBOOK ELECTION RIGGING SOFTWARE

OBAMA WAS SET TO FIX THE ELECTION FROM THE WHITE HOUSE

See proofs below.

Finding the truth about the extraordinary attempt to convert America to a globalist state has been slow and painstaking. However, thanks to the efforts of WikiLeaks, Citizens United, Judicial Watch, Project Veritas, InfoWars, DCLeaks, Swiss Leaks, ICIJ and others, the truth is finally emerging.

THE WHITE HOUSE ROLE IN STEALING THE 2016 ELECTION

WikiLeaks: [On Jun. 29, 2014](#), Robby Mook asked John Podesta to place an “Urgent call” to Mikey Dickerson, a Google engineer. Mook was Terry McAuliffe’s Virginia gubernatorial campaign manager at the time. Podesta was Barack Obama’s special counsel.

GOOGLE’S ERIC SCHMIDT PROPOSED (and Obama built) A BIG BROTHER VOTER DATABASE FOR THE DEMOCRATIC PARTY

This new evidence is more proof that Barack Obama *himself* was engaged in the most egregious violations of The Hatch Act imaginable. He used public funds to build a BIG BROTHER database specifically for the benefit of the Democratic Party. This means the current complaints of communist tactics are 100% accurate.

Mook was organizing “*the Eric Schmidt project.*” — “**development of a single record for a voter that aggregates all that is known about them.**”

On Apr. 15, 2014, Schmidt proposed “Notes for a Democratic Campaign” which the evidence shows that the White House controlled.

He wanted to recruit Dickerson to run it. However, Dickerson was “a little worried about how legit it was.” Mook clearly needed Podesta to strong arm Dickerson into accepting the appointment. The subsequent events show this effort was for Hillary Clinton’s election.

Longtime Clinton surrogate Terry McAuliffe was Mook’s cover, and would later pay a \$675,000 bribe to the FBI Deputy Director Andrew McCabe to get Hillary off the hook in her private email server investigation.

FBI Deputy Director **Andrew McCabe** **Dr. Barbra Jill McCabe**

Lead investigator into Hillary Clinton's use of a private email server (which included conducting Clinton Foundation business)

Recipient of \$675,000 from Terry McAuliffe, director, The Clinton Foundation & Planned Parenthood. Ran for VA 13th Dist. State Senate in 2015

WikiLeaks also revealed that [Robby Mook](#) was “close” to [Robert Creamer](#), the top Hillary operative caught in an undercover sting video by [Project Veritas Action](#). Creamer was captured on tape bragging about his various exploits to rig the election and disrupt Trump and Pence rallies.

The backdrop to this Mook email: During the six months before the email, Creamer—a community organizer from Chicago close to Barack Obama—had visited the White House 42 times, three times with Obama, and 39 times with Valerie Jarrett’s Office of Public Engagement staff.

In total, [Creamer has visited the White House 345 times](#), according to White House logs. Most if, not all, of Creamer’s White House meetings were with Valerie Jarrett’s staff in the Office of Public Engagement, which it appears should be more accurately named the **Office of Election Rigging**.

OBAMA HASTILY CREATED THE U.S. DIGITAL SERVICE IN JUST SEVEN WEEKS AS COVER FOR “THE ERIC SCHMIDT PROJECT”

[On Mar. 19, 2014](#), the GSA formed “18F” with a mission to simplify the government’s digital services. 18F was staffed with Presidential Innovation Fellows. According to [Google internal documents](#), 18F has “informal ties to USDS” (U.S. Digital Service, see below). 18F targeted various federal agencies, most notably the **Federal Election Commission (FEC)**.

FEC documents confirm that the effort was to move all FEC data processing to the cloud and thus under the control of the IBM Eclipse Foundation established by IBM’s chief

inside counsel David J. Kappos (Obama's director of the Patent Office) and IBM's chief outside counsel James P. Chandler, who was also counsel to the real inventor of social networking, Columbus innovator [Leader Technologies](#) from whom Eclipse stole the technology being implemented by 18F, USDS and Google.

On Apr. 15, 2014, Eric Schmidt, CEO of Google, proposed "Notes for a Democratic Campaign" which the evidence shows the Barack Obama and the White House took control of and funded the leadership of this technical initiative via two former Obamacare techies Todd Y. Park, then WH Chief Technology Officer, and Mike Dickerson, Google engineer and soon to be named Administrator for the U.S. Digital Service.

GOOGLE'S ELECTION RIGGING CRIMINALS

[Google USDS Employees](#)

working to rig the 2016 election, sponsored illegally by Obama and the White House. *Photo: Google.*

On Aug. 20, 2014, Obama appointed Google engineer Mikey Dickerson to lead a newly created U.S. Digital Service, first named "the Eric Schmidt Project" (see Apr. 15, 2014). [Google's internal documents boast](#) "Current and former Googlers have also disproportionaately staffed the new office[s]" for both the U.S. Digital Service and 18F.

[Introducing the U.S. Digital Service](#)

Below Left: A week after Dickerson's appointment, and the creation of U.S. Digital Service (DNC-Hillary "the Eric Schmidt project," Todd Y. Park, U.S. Chief Technology Officer, was sent to Silicon Valley to work with Hillary Clinton's campaign and implement Hillary Facebook election rigging software.

Below Right: Mikey Dickerson, first day as the Administrator for the newly-created U.S. Digital Service.

On Aug. 28, 2014, Obama announced that Todd Y. Park, the WH Chief Technology Officer would be moving to Silicon Valley, yet continue to work for the White House.

On Oct. 18, 2014, Park wrote Podesta about the need to be discreet about him providing technical assistance to the Hillary campaign. (State Department contracts starting on **Sep. 26, 2009** revealed that

Hillary had her Facebook election rigging template paid for by the State Department to implement.)
Hillary Clinton was CC'd on this email along with Cheryl D. Mills and David Plouffe.

On Oct. 25, 2014, Podesta wrote Park that he as WH counsel had given the go ahead.

In Jan. 2015, Podesta and Mook were appointed chairman and manager of Hillary Clinton's campaign.

MCAULIFFE PAID A \$675,000 BRIBE TO FBI DEPUTY DIRECTOR MCCABE'S WIFE

In 2015, Terry McAuliffe paid a \$675,000 bribe to Jill McCabe, wife of FBI Deputy Director Andrew McCabe. **McCabe was placed in charge of the Hillary Clinton investigation** by Director James B. Comey.

OBAMA'S PARK AND DICKERSON INTEGRATED THE STATE ELECTION NETWORKS WITH FACEBOOK & GOOGLE . . . AND INTO THE WHITE HOUSE

OBAMA SENT TOP TECH OFFICER TODD PARK TO SECRETLY RUN HILLARY'S DIGITAL CAMPAIGN IN SILICON VALLEY

U.S. Digital Service

White House
Election Rigging Central

With Google's Mikey Dickerson ran the Google integration at the White House via the U.S. Digital Service with Obama's White House CTO Todd Y. Park integrating Hillary's Facebook election rigging software in Silicon Valley.

The deep integration of the Facebook and Google-White House networks ensured that Obama could focus his rigging on key swing states and tap into state election tabulators at will to change reported results.

Peter Thiel's Palantir software, supplied to the NSA since 2004, was being used to tap into *any* citizen's computer at will, without a warrant.

How Palantir Technologies' Peter Thiel, Alexander Karp, Gilman Louie (C.I.A. In-Q-Tel), James W. Breyer (Facebook, National Venture Capital Association) helped the NSA spy on the whole world

On Feb. 22, 2017, *The Intercept*, founded by Glenn Greenwald—*The Guardian* investigator who broke Edward Snowden's story—just published a major investigative article on how Peter Thiel and Alexander Karp, two of the founders of Palantir Technologies, helped the NSA spy on the whole world. The leading investor in Palantir was the C.I.A.'s In-Q-Tel venture capital firm that illegally invests in private companies a public institution. In-Q-Tel's CEO was Gilman Louie, a director of the National Venture Capital Association (NVCA) when Facebook's James W. Breyer was Chairman, along with Kleiner Perkins LLP's partner Theodore Schlein.
